The impact of this decision will be evaluated at the Committee's 39th session (2015). This paragraph takes effect on 2 February 2012, in order to ensure a smooth transition period for all States Parties

II.C **Tentative Lists**

Procedure and Format

- **62.** A Tentative List is an inventory of those properties situated on its territory which each State Party considers suitable for inscription on the World Heritage List. States Parties should therefore include, in their Tentative Lists, the names of those properties which they consider to be cultural and/or natural heritage of Outstanding Universal Value and which they intend to nominate during the following years.
- 63. Nominations to the World Heritage List are not considered Decision 24COM para.VI.2.3.2 unless the nominated property has already been included on the State Party's Tentative List.
- States Parties are encouraged to prepare their Tentative Lists 64. with the participation of a wide variety of stakeholders, including site managers, local and regional governments, local communities, NGOs and other interested parties and partners.
- 65. States Parties shall submit Tentative Lists to the Secretariat, at least one year prior to the submission of any nomination. States Parties are encouraged to re-examine and re-submit their Tentative List at least every ten years.
- 66. States Parties are requested to submit their Tentative Lists in English or French using the standard format in Annex 2, containing the name of the properties, their geographical location, a brief description of the properties, and justification of their Outstanding Universal Value.
- **67.** The original duly signed version of the completed Tentative List shall be submitted by the State Party, to:

UNESCO World Heritage Centre

7, place de Fontenoy 75352 Paris 07 SP France Tel: +33 (0) 1 4568 1136 E-mail: wh-tentativelists@unesco.org Articles 1, 2 and 11(1) of the World Heritage Convention.

- **68.** Upon reception of the Tentative Lists from the States Parties, the World Heritage Centre checks for compliance of the documentation with Annex 2. If the documentation is not considered in compliance with Annex 2, the World Heritage Centre refers it back to the State Party. When all information has been provided, the Tentative List is registered by the Secretariat and transmitted to the relevant Advisory Bodies for information. A summary of all Tentative Lists is presented annually to the Committee. The Secretariat, in consultation with the States Parties concerned, updates its records, in particular by removing from the Tentative Lists the inscribed properties and nominated properties which were not inscribed.
- **69.** The Tentative Lists of States Parties are available at the Decision 27 COM 8A following Web address: http://whc.unesco.org/en/tentativelists

Tentative Lists as a planning and evaluation tool

- **70.** Tentative Lists are a useful and important planning tool for States Parties, the World Heritage Committee, the Secretariat, and the Advisory Bodies, as they provide an indication of future nominations.
- **71.** States Parties are encouraged to consult the analyses of both the World Heritage List and Tentative Lists prepared at the request of the Committee by ICOMOS and IUCN to identify the gaps in the World Heritage List. These analyses could enable States Parties to compare themes, regions, geo-cultural groupings and bio-geographic provinces for prospective World Heritage properties.
- 72. In addition, States Parties are encouraged to consult the specific thematic studies carried out by the Advisory Bodies (see paragraph 147). These studies are informed by a review of the Tentative Lists submitted by States Parties and by reports of meetings on the harmonization of Tentative Lists, as well as by other technical studies performed by the Advisory Bodies and qualified organizations and individuals. A list of those studies already completed is available at the following Web address: http://whc.unesco.org/en/globalstrategy
- **73.** States Parties are encouraged to harmonize their Tentative Lists at regional and thematic levels. Harmonization of Tentative Lists is the process whereby States Parties, with the assistance of the Advisory Bodies, collectively assess their respective Tentative List to review gaps and identify common themes. The outcome of harmonization can result in improved Tentative Lists, new nominations from States Parties and co-operation amongst groups of States Parties in the preparation

Assistance and Capacity-Building for States Parties in the preparation of Tentative Lists

- **74.** To implement the Global Strategy, cooperative efforts in capacity-building and training may be necessary to assist States Parties to acquire and/or consolidate their expertise in the preparation, updating and harmonisation of their Tentative List and the preparation of nominations.
- **75.** International Assistance may be requested by States Parties for the purpose of preparing, updating and harmonizing Tentative Lists (see Chapter VII).
- **76.** The Advisory Bodies and the Secretariat will use the opportunity of evaluation missions to hold regional training workshops to assist under-represented States in the methods of preparation of their Tentative List and nominations.

II.D Criteria for the assessment of Outstanding Universal Value

Decision 24COM VI.2.3.5(ii)

These criteria were formerly presented as two separate sets of criteria - criteria (i) - (vi) for cultural heritage and (i) - (iv) for natural heritage. The 6th extraordinary session of the World Heritage Committee decided to merge the ten criteria (Decision 6 EXT.COM 5.1)

 - (i) represent a masterpiece of human creative genius;
 - (ii) exhibit an important interchange of human values, over a span of time or within a cultural area of the world, on developments in architecture or technology, monumental arts, town-planning or landscape design;
 - bear a unique or at least exceptional testimony to a cultural tradition or to a civilization which is living or which has disappeared;
 - (iv) be an outstanding example of a type of building, architectural or technological ensemble or landscape which illustrates (a) significant stage(s) in human history;
 - (v) be an outstanding example of a traditional human settlement, land-use, or sea-use which is representative of a culture (or cultures), or human interaction with the environment especially when it
